KIPP stands for the Knowledge is Power Program. We have six high-performing schools in the City of St. Louis dedicated to educating your child.

We know that earlier education means children are more prepared to climb the mountain to and through college.

Our approach is grounded by core values to ensure we provide the best in early childhood education. Once your child begins at KIPP St. Louis, he/she will be automatically enrolled in our K-12, college-prep education program.

Age Requirement: Must be 4 years old by Oct. 1, 2020

PRE-K PROGRAM
